2	Status Indicators

GENERAL INFORMATION

The following should be considered when reviewing this Attendant User Guide:

- Attendant console keys can be assigned as Direct Station Selection/Busy Lamp Field (DSS/BLF), Call Arrival/Virtual Extensions, central office lines or selected features.
- Refer to the *Multiline Telephone User Guide* for additional information on telephone operation.
- All operational instructions assume Prime Line Pickup is assigned to intercom dial tone and Ringing Line Preference is assigned.
- All access codes listed are standard; some may vary based on system assignment.
- Access to many features is based on system assignments. Not all features may be available from your telephone.
- The telephone display provides useful call processing information such as trunk access, recall indication, feature confirmation, etc.

ATTENDANT ADD-ON CONSOLE
